

Present:

Toby Sharp, Nicky Sharp, Andy Endicott, Simon Endicott.

Apologies:

Mark Endicott, Ged Nicholson

Secretary's Report:

Good news! The weather over the summer has been lovely and more people than ever are taking up cycling.

Bad news! The format of CTC Sunday rides in this area is clearly not appealing any more: Other local clubs have record turnouts we are unable to attract more than a minimum turnout despite advertising.

Election of Officers:

TS re-elected as secretary unopposed.

Sunday Rides:

AE stated that the current system is not working. NS suggested that our rides take too long to be appealing to most people.

Recruitment:

GN asked it to be said that he would be willing to assist in a future publicity drive in his area. Others who were present at the meeting were not enthusiastic about attempting to publicise our Sunday rides.

Should we Continue?

All those present agreed with some regret that South Devon Section should be closed down as it seems to have little popular appeal and is therefore unable to regain the 'critical mass' needed to function as a cycling club. TS to contact Roy Russell regarding the closure of the section.

AOB:

A date of 14/12/14 was agreed for a last ride of the South Devon Section. The ride will meet at 9.30am South Brent, coffee at Avon Mill, lunch at Kingston; led by AE.
