

South Dartmoor CTC

Annual report for year 2011/2012

South Dartmoor group has organised weekly Sunday rides throughout the past year for junior riders up to age 17, attracting up to ten riders per week. The rides have included a range of morning rides, day rides and car-assisted day rides, organised to suit weather conditions and the wishes of the particular riders taking part each week.

We also ran weekly social activities from October to March, weekly Friday evening rides from April to September and a four-day tour to the Cotswolds at Easter that attracted seven riders.

Our Christmas Lunch ride in December took place at the Ilsington Country Hotel as usual and included access to the hotel's private swimming pool – always popular with our youngsters.

We continue to publish our rides to current members through our special Facebook group, but may widen this to our website again during the coming year to attract new members
